

# Cooking for a Crowd

## *-Project Description-*

For this project, you will work in groups of up to 3 to demonstrate your knowledge in multiplying and dividing fractions. Your Math section of this project must include the following:

1. Recipe, either original or sourced from online, with appropriate credits
2. Downscaled recipe, upscaled recipe and original quantity recipe
3. Complete instructions on how to prepare

You may use the template provided, or not. The overall professionalism of project is expected to be high and of good quality. Consider how to use color and fonts when designing.

Template for Layout [here!](#)

Great example could look like [this!](#)

Poor example could look like [this!](#)

	10 Above and beyond!	8.5 You did it!	7 Almost	6.5 Not quite
<b>Content:</b> <ul style="list-style-type: none"><li>• Mathematically accurate</li><li>• Conversions<ul style="list-style-type: none"><li>○ Upscale by whole numbers</li><li>○ Downscale by whole numbers</li></ul></li><li>• Improper fractions are turned into a mixed number</li><li>• All fractions are simplified</li></ul>				
	3 Above and beyond!	2 A couple of spelling/ gramatical errors	1 More than a few errors	0 Many errors, longer than 2 pages
<b>Professionalism:</b> <ul style="list-style-type: none"><li>• Layout is organized and easy to follow</li><li>• Clear instructions on how to prepare</li><li>• Color and design is clean and relevant to recipe</li></ul>
