

# Risk in the Real World Planning Template

Name:	
What choice balances risks & rewards?	
What are some potential outcomes of this choice?	<p data-bbox="683 415 1219 457" style="text-align: center;"><u>Potential Outcomes</u> (at least 10!)</p>  <p>The diagram shows a blank coordinate system for plotting potential outcomes. The vertical axis is labeled 'Reward' and the horizontal axis is labeled 'Risk'. Both axes have arrows at their ends, indicating they extend in both directions. The origin is at the bottom-left corner of the plotting area.</p>
