Manual Cinema Project: Phase 2 Checklist

Phase 2: Create all the elements (transparency backgrounds, cardstock cutouts, gels, and other puppets) you need to make your six scenes and film your movie. You cannot film until you have everything you need to film all six scenes and have shown me at least two practice scenes that you have filmed in class and edited together in iMovie.

Whose phone will you use to film?

Backup phone if person is absent:

Scene 1: Exposition

List everything you need for this scene

Scene 2: Conflict

List everything you need for this scene

Scene 3: Rising Action

List everything you need for this scene

Cross off items you listed above and check here when everything is done. →
